Basic Course in Biomedical Research

In order to improve the research skills of Indian medical postgraduate (PG) students and teachers in medical institutions, the National Medical Commission (NMC, erstwhile Medical Council of India) has mandated a uniform research methodology course. This online course, “Basic Course in Biomedical Research”, is offered by ICMR-National Institute of Epidemiology (ICMR-NIE), Chennai (www.nie.gov.in (https://nie.gov.in/icmr_sph/BCBR.html)).

The course will explain the fundamental concepts of research methodology in health. Course materials include video lectures reading/resource materials, example accompaniments, workbooks, lecture handouts and frequently asked questions (based on participant queries from previous cycle). Certification will be done based on lecture wise assignments and a final proctored exam.

Online Basic course in Biomedical Research is switching to a new format of self – paced structure from 20 April 2022 which is flexible and convenient. Enrollment will open throughout the year and there is no deadline for enrollment/submission of assignments. In the self-paced mode the previous cycle assignment scores will not be considered to register for the proctored exam.
