RESEARCH METHODOLOGY

PROF. EDAMANA PRASAD

Department of Chemistry
IIT Madras

PROF. PRATHAP HARIDOSS

Department of Metallurgical and Materials Engineering
IIT Madras

PRE-REQUISITES : Students who have completed undergraduate studies (in Engineering or Science) will be in a better position to benefit from this course

INTENDED AUDIENCE : Students of ME/MTech/MS/MSc/PhD can benefit.

COURSE OUTLINE :

Large numbers of students are actively considering and taking up research and associated higher studies. This course aims to introduce students to the important aspects of research. The intent of the course is to make students aware of the details associated with formal research and to help students overcome common misconceptions that may be present in their minds. By going through this course, students are likely to be able to take up research activities in a more systematic and formal manner right from the beginning.

ABOUT INSTRUCTOR :

Prof. E. PRASAD, Professor, Department of Chemistry, Indian Institute of Technology Madras, Chennai 600 036, INDIA Phone: ++91-44-2257 4232 ; Email: pre@iitm.ac.in. Educational Qualification: BSc., & MSc. From Calicut University, Kerala, India during 1990-1995; Ph.D. from NIIST, Thiruvananthapuram, Kerala, India in Photophysical Chemistry in 2000. Post Doctoral Research Experience: (2001 to 2006) Texas Tech University & Lehigh University, USA and University of Bonn, Germany (Alexander von Humboldt Fellow). Professional Experience (11 years): Faculty at Department of Chemistry, IIT Madras since 2006; (8 years): Head, Teaching Learning Centre, IIT Madras; (8 years): Core team member, Teaching Learning Centre, IIT Madras (7+ years). Specialization and Expertise: Chemistry: Photophysical Chemistry, Design and Synthesis of organic and hydro gelators for various applications; Education/Teaching: Designing Learning Outcomes for Courses, Conducting Classes using Active and Collaborative Learning Techniques. Awards and Distinctions: AvH Fellowship (2002), Young Faculty Recognition Award (IIT Madras, 2011). Research Publications in Peer Reviewed Journals: 65. Conference Paper: Development of a Teaching Learning Centre and Ongoing Faculty Development Programs - A Case Study, Prasad Edamana, Ajith Kumar Kolar, Pramod S Mehta, Sujatha Srinivasan and Jeffrey Froyd, American Society for Engineering Education, USA, June, 2012.

Prof. Prathap Haridoss is a Professor in the Department of Metallurgical and Materials Engineering at IIT Madras. He works in the areas of Fuel Cell and Carbon nanomaterials. He has a B.Tech in Metallurgical Engineering from IIT Madras, and a PhD in Materials Science and Engineering from the University of Wisconsin-Madison, USA. Before he joined as a faculty at IIT Madras, he served as a Senior Scientist at Plug Power, a Fuel Cell company in New York. He has 3 US patents, several International Journal publications, and has published a book titled "Physics of Materials, Essential Concepts of Solid State Physics"

COURSE PLAN :

Week 1 : A group discussion on what is research; Overview of research;

Week 2 : Literature survey , Experimental skills;

Week 3 : Data analysis, Modelling skills;

Week 4 : Technical writing; Technical Presentations; Creativity in Research

Week 5 : Creativity in Research; Group discussion on Ethics in Research

Week 6 : Design of Experiments

Week 7 : Intellectual Property

Week 8 : Department specific research discussions

Basic Course in Biomedical Research

In order to improve the research skills of Indian medical postgraduate (PG) students and teachers in medical institutions, the National Medical Commission (NMC, erstwhile Medical Council of India) has mandated a uniform research methodology course. This online course, “Basic Course in Biomedical Research”, is offered by ICMR-National Institute of Epidemiology (ICMR-NIE), Chennai (www.nie.gov.in (https://nie.gov.in/icmr_sph/BCBR.html)).

The course will explain the fundamental concepts of research methodology in health. Course materials include video lectures reading/resource materials, example accompaniments, workbooks, lecture handouts and frequently asked questions (based on participant queries from previous cycle). Certification will be done based on lecture wise assignments and a final proctored exam.

Online Basic course in Biomedical Research is switching to a new format of self – paced structure from 20 April 2022 which is flexible and convenient. Enrollment will open throughout the year and there is no deadline for enrollment/submission of assignments. In the self-paced mode the previous cycle assignment scores will not be considered to register for the proctored exam.

INTENDED AUDIENCE:

Mandatory course for

- Medical postgraduates [academic year 2019-20 onwards] &
- Teachers in medical institutions affiliated to NMC

TECHNICAL SUPPORT:

Indian Council of Medical Research, New Delhi and ICMR-National Institute of Epidemiology,
Chennai

All faculty members are from the public health/epidemiology/research methods training programmes at the ICMR-National Institute of Epidemiology, Chennai, India. ICMR-NIE offers two-year Masters' level programmes in Public Health and Bio-statistics. Further, ICMR-NIE conducts Ph.D., and various short-term training programmes in public health/epidemiology and biostatistics. Besides teaching, the faculty members have been conducting epidemiological/public [health research. CERTIFICATE

COURSE ASSIGNMENTS

Out of 25 lectures, the first 23 lectures will have online assignments consisting of 10 Multiple- Choice Questions (MCQs) each. A minimum score of 50% in every assignment is required to register for the final proctored exam.

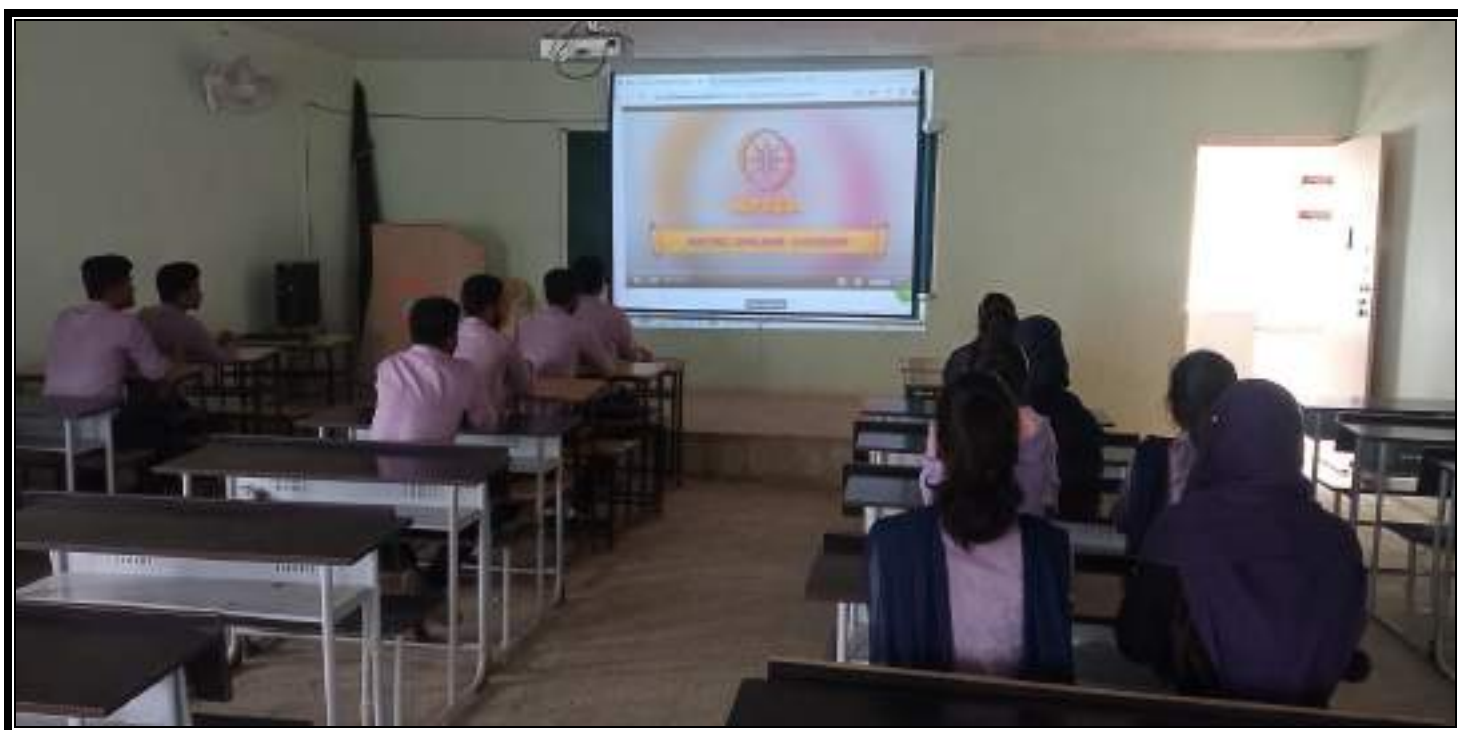

FINAL PROCTORED EXAM

When a participant successfully secures the minimum score of 50% in every assignment for 23 lectures, the exam registration link for the next available date will be provided. To register for examination, the participant will have to fill-up an online form and pay the examination fees of Rs.1000 online. The city-wise list of examination centres will be made available at the time of registration. Securing a minimum score of 50% in the proctored exam is necessary to receive the pass certificate.

CERTIFICATION

Participants who successfully secure a score of 50% or above in the final proctored exam will be awarded an e-verifiable course completion certificate

Description

-Pharmacovigilance is a sub field of Pharmacy which includes research, detect, assessment and analyzing the drugs. It is a very popular course in Medical Science. This course is suitable for the candidates who wish to join any pharmaceutical industry or pursue research in the future.

-Here in this course I will provide excellent material for pharmacovigilance and there is very important interview Questions and answers also. Don't miss the valuable material. Even rural background students also understand the language mentioned in this material. All the best.

- Pharmacovigilance is a continuous process accepted for safety evaluation accompanied by steps to improve safe usage of medicines.

-Pharmacovigilance is considered to be one of the best career options for life science and pharmacy graduates. It mainly deals with reporting and analysing medicine side effects and ensure drugs in the market are safe and secured

-Pharmacovigilance Associate salary in India for freshers ranges between ₹ 2.2 Lakhs to ₹ 5.0 Lakhs with an average annual salary of ₹ 3.3 Lakhs.

-The principal goal of pharmacovigilance is to influence safer usage of medicine. But, it faces increasing pressure to analyze more data sooner, monitor risks more broadly, and accurately report patient events globally.

-Pharmacovigilance is regarded as a great career option for interested aspirants

-Pharmacovigilance is regarded as a great career option for interested aspirants as it reflects a well-defined and growing career path. There is a faster career growth leading to managerial as well as director roles eventually along with a quite decent salary package. Here, in this article, we have highlighted different curriculum and career aspects of Pharmacovigilance. For someone willing to initiate his/her career in Pharmacovigilance, the entry-level job is that of a Drug Safety Associate (DSA). All DSAs get involved in developing various cases, checking for Minimum Safety Information (MSI), reconciliation and then follow-up processes, along with data entry of all information available in the document and medical coding.

Pune, (M.S.) India.

Dear Madam,

It's my immense pleasure to acknowledge your contribution in three days Lifeskill Development Programme conducted from 13th June 2022 to 15th June 2022. The different insights on job oriented activities conducted during the 3 days session were significant and will be very useful for students. We are so fortunate to have you as a soft skill trainer for this programme.

On behalf of the management and faculty members, I sincerely thank you for taking time out of your busy schedule and enlighten our students.

We certainly look forward to avail your services in future.

ABOUT COLLEGE

WELCOME TO
ASPM's K. T. PATIL COLLEGE OF PHARMACY,
OSMANABAD

'Adrash Shikshan Prasarak Mandal' has blazed a trained and set an unparallel example in southern part of Maharashtra State. Today ASPM runs 21 educational institutes with manpower in excess of 5600 employees. ASPM's K. T. Patil College of Pharmacy was established in 1999 with its view & object to provide elaborate & liberal facility for education & training in diverse disciplines of knowledge in pharmacy.

The college of pharmacy was established in the pleasant and peaceful environs of Osmanabad. Situated a lush, verdant 10 acre campus, the college began by offering a B. Pharmacy course started in 1999, M. Pharmacy course (Pharmaceutics and Quality Assurance Techniques) in 2010 & Pharm D course (Doctor of Pharmacy) in 2017.

The primary motive of ASPM is to Train young students to create and put into action such ideas, methods, techniques and creative knowledge. The Institute is a dream comes true of its founder Shri. K. T. Patil - an eminent teacher, a participant in Indian freedom struggle. His track record speaks volumes. He is a recipient of 'Best teacher' award by Indian President in year 2001 and many other laurels bestowed on him for his outstanding capabilities.

ASPM's K.T. Patil College of Pharmacy has an excellent academic track record depicted through University Examination results and co-curricular as well as Extracurricular achievements, cater to the needs of masses and provides excellent infra-structural facilities such as laboratories, library facilities, research laboratories, computer laboratory, machine room, student hostels for girls, playground, canteen etc along with well qualified, devoted & experienced faculty.

The college received the Adarsh Pariksha Kendra Purskar from Dr. Babasaheb Ambedkar Marathwada University, Aurangabad in 2014, 2015 and 2016, also the college received the award for Best Pharmacy College from the Center for Education Growth and Research (CEGR), New Delhi in 2015 and 2019.

Vision

Making the young budding pharmacy professionals globally competent in the service, business sector and providing excellence in the pharmacy sector. Enriching the society with the values of pharmacy education in the health care. Bridging the gap between pharmacist and the medical world to think innovative in the health care system.

Mission

Making world class knowledgeable and skilled pharmacist competent for recent requirements of society. To provide research based education and training to meet international task of field in terms on industry and health care.

Goal

To develop competent healthcare professionals who will safeguard public health by ensuring appropriate standards of safety, quality and efficacy in medicines.

RESEARCH METHODOLOGY

PROF. EDAMANA PRASAD

Department of Chemistry
IIT Madras

PROF. PRATHAP HARIDOSS

Department of Metallurgical and Materials Engineering
IIT Madras

PRE-REQUISITES : Students who have completed undergraduate studies (in Engineering or Science) will be in a better position to benefit from this course

INTENDED AUDIENCE : Students of ME/MTech/MS/MSc/PhD can benefit.

COURSE OUTLINE :

Large numbers of students are actively considering and taking up research and associated higher studies. This course aims to introduce students to the important aspects of research. The intent of the course is to make students aware of the details associated with formal research and to help students overcome common misconceptions that may be present in their minds. By going through this course, students are likely to be able to take up research activities in a more systematic and formal manner right from the beginning.

ABOUT INSTRUCTOR :

Prof. E. PRASAD, Professor, Department of Chemistry, Indian Institute of Technology Madras, Chennai 600 036, INDIA Phone: ++91-44-2257 4232 ; Email: pre@iitm.ac.in. Educational Qualification: BSc., & MSc. From Calicut University, Kerala, India during 1990-1995; Ph.D. from NIIIST, Thiruvananthapuram, Kerala, India in Photophysical Chemistry in 2000. Post Doctoral Research Experience: (2001 to 2006) Texas Tech University & Lehigh University, USA and University of Bonn, Germany (Alexander von Humboldt Fellow). Professional Experience (11 years): Faculty at Department of Chemistry, IIT Madras since 2006; (8 years): Head, Teaching Learning Centre, IIT Madras; (8 years): Core team member, Teaching Learning Centre, IIT Madras (7+ years). Specialization and Expertise: Chemistry: Photophysical Chemistry, Design and Synthesis of organic and hydro gelators for various applications; Education/Teaching: Designing Learning Outcomes for Courses, Conducting Classes using Active and Collaborative Learning Techniques. Awards and Distinctions: AvH Fellowship (2002), Young Faculty Recognition Award (IIT Madras, 2011). Research Publications in Peer Reviewed Journals: 65. Conference Paper: Development of a Teaching Learning Centre and Ongoing Faculty Development Programs - A Case Study, Prasad Edamana, Ajith Kumar Kolar, Pramod S Mehta, Sujatha Srinivasan and Jeffrey Froyd, American Society for Engineering Education, USA, June, 2012.

Prof. Prathap Haridoss is a Professor in the Department of Metallurgical and Materials Engineering at IIT Madras. He works in the areas of Fuel Cell and Carbon nanomaterials. He has a B.Tech in Metallurgical Engineering from IIT Madras, and a PhD in Materials Science and Engineering from the University of Wisconsin-Madison, USA. Before he joined as a faculty at IIT Madras, he served as a Senior Scientist at Plug Power, a Fuel Cell company in New York. He has 3 US patents, several International Journal publications, and has published a book titled "Physics of Materials, Essential Concepts of Solid State Physics"

COURSE PLAN :

Week 1 : A group discussion on what is research; Overview of research;

Week 2 : Literature survey , Experimental skills;

Week 3 : Data analysis, Modelling skills;

Week 4 : Technical writing; Technical Presentations; Creativity in Research

Week 5 : Creativity in Research; Group discussion on Ethics in Research

Week 6 : Design of Experiments

Week 7 : Intellectual Property

Week 8 : Department specific research discussions

Basic Course in Biomedical Research

In order to improve the research skills of Indian medical postgraduate (PG) students and teachers in medical institutions, the National Medical Commission (NMC, erstwhile Medical Council of India) has mandated a uniform research methodology course. This online course, “Basic Course in Biomedical Research”, is offered by ICMR-National Institute of Epidemiology (ICMR-NIE), Chennai (www.nie.gov.in (https://nie.gov.in/icmr_sph/BCBR.html)).

The course will explain the fundamental concepts of research methodology in health. Course materials include video lectures reading/resource materials, example accompaniments, workbooks, lecture handouts and frequently asked questions (based on participant queries from previous cycle). Certification will be done based on lecture wise assignments and a final proctored exam.

Online Basic course in Biomedical Research is switching to a new format of self – paced structure from 20 April 2022 which is flexible and convenient. Enrollment will open throughout the year and there is no deadline for enrollment/submission of assignments. In the self-paced mode the previous cycle assignment scores will not be considered to register for the proctored exam.

INTENDED AUDIENCE:

Mandatory course for

- Medical postgraduates [academic year 2019-20 onwards] &
- Teachers in medical institutions affiliated to NMC

TECHNICAL SUPPORT:

Indian Council of Medical Research, New Delhi and ICMR-National Institute of Epidemiology,
Chennai

All faculty members are from the public health/epidemiology/research methods training programmes at the ICMR-National Institute of Epidemiology, Chennai, India. ICMR-NIE offers two-year Masters' level programmes in Public Health and Bio-statistics. Further, ICMR-NIE conducts Ph.D., and various short-term training programmes in public health/epidemiology and biostatistics. Besides teaching, the faculty members have been conducting epidemiological/public [health research. COURSE ASSIGNMENTS

Out of 25 lectures, the first 23 lectures will have online assignments consisting of 10 Multiple- Choice Questions (MCQs) each. A minimum score of 50% in every assignment is required to register for the final proctored exam.

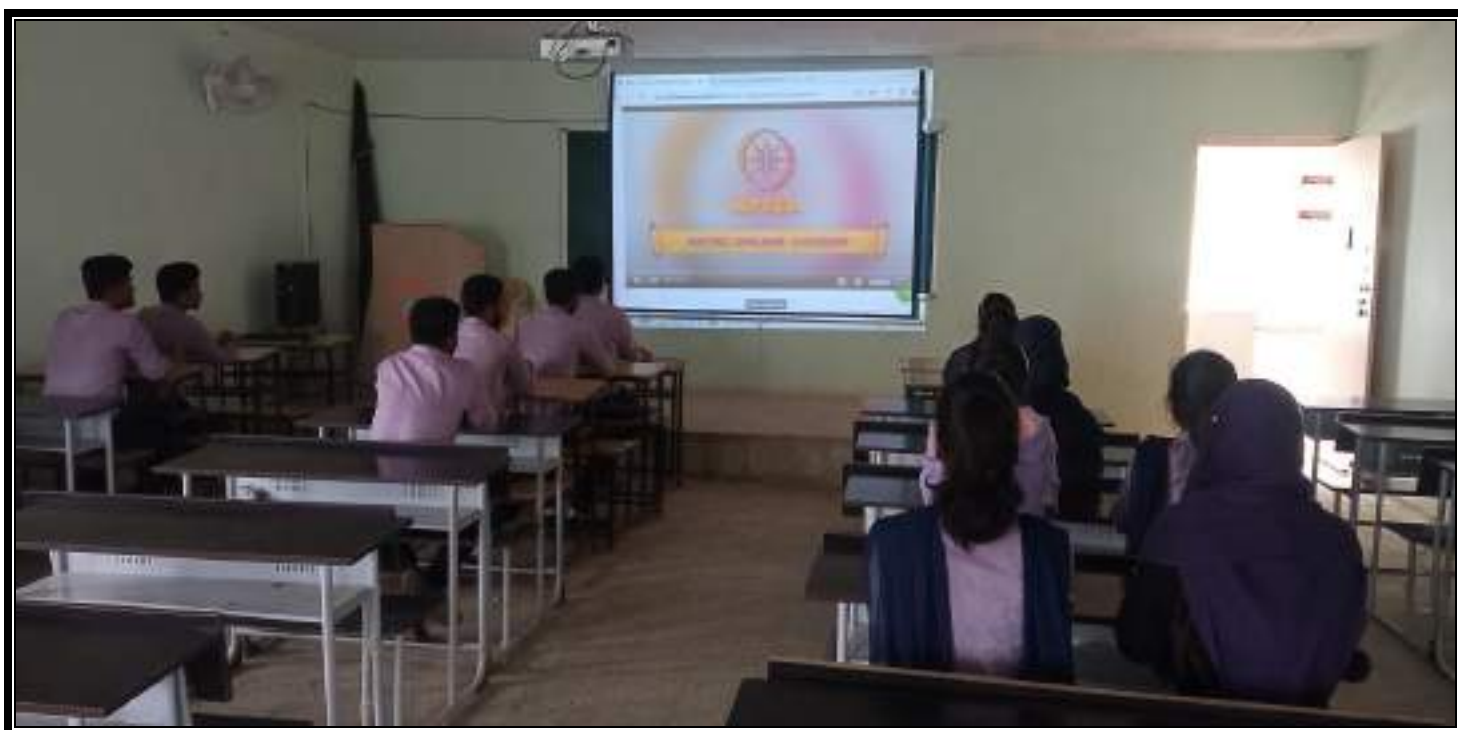

FINAL PROCTORED EXAM

When a participant successfully secures the minimum score of 50% in every assignment for 23 lectures, the exam registration link for the next available date will be provided. To register for examination, the participant will have to fill-up an online form and pay the examination fees of Rs.1000 online. The city-wise list of examination centres will be made available at the time of registration. Securing a minimum score of 50% in the proctored exam is necessary to receive the pass certificate.

CERTIFICATION

Participants who successfully secure a score of 50% or above in the final proctored exam will be awarded an e-verifiable course completion certificate

Description

-Pharmacovigilance is a sub field of Pharmacy which includes research, detect, assessment and analyzing the drugs. It is a very popular course in Medical Science. This course is suitable for the candidates who wish to join any pharmaceutical industry or pursue research in the future.

-Here in this course I will provide excellent material for pharmacovigilance and there is very important interview Questions and answers also. Don't miss the valuable material. Even rural background students also understand the language mentioned in this material. All the best.

- Pharmacovigilance is a continuous process accepted for safety evaluation accompanied by steps to improve safe usage of medicines.

-Pharmacovigilance is considered to be one of the best career options for life science and pharmacy graduates. It mainly deals with reporting and analysing medicine side effects and ensure drugs in the market are safe and secured

-Pharmacovigilance Associate salary in India for freshers ranges between ₹ 2.2 Lakhs to ₹ 5.0 Lakhs with an average annual salary of ₹ 3.3 Lakhs.

-The principal goal of pharmacovigilance is to influence safer usage of medicine. But, it faces increasing pressure to analyze more data sooner, monitor risks more broadly, and accurately report patient events globally.

-Pharmacovigilance is regarded as a great career option for interested aspirants

-Pharmacovigilance is regarded as a great career option for interested aspirant as it reflects a well-defined and growing career path. There is a faster career growth leading to managerial as well as director roles eventually along with a quite decent salary package. Here, in this article, we have highlighted different curriculum and career aspects of Pharmacovigilance. For someone willing to initiate his/her career in Pharmacovigilance, the entry-level job is that of a Drug Safety Associate (DSA). All DSAs get involved in developing various cases, checking for Minimum Safety Information (MSI), reconciliation and then follow up processes, along with data entry of all information available in the document and medical coding.

Pune, (M.S.) India.

Dear Madam,

It's my immense pleasure to acknowledge your contribution in three days Lifeskill Development Programme conducted from 13th June 2022 to 15th June 2022. The different insights on job oriented activities conducted during the 3 days session were significant and will be very useful for students. We are so fortunate to have you as a soft skill trainer for this programme.

On behalf of the management and faculty members, I sincerely thank you for taking time out of your busy schedule and enlighten our students.

We certainly look forward to avail your services in future.

~~SECRET~~

- * The officials representing Civil Surgeon, Civil Hospital, Osmanabad and K.T.Patil College of pharmacy, Osmanabad are signing this MOU to achieve the beneficial objectives of Pharm.D

S. S. BAGAL

1999

OBJECTIVES OF THE MOU

The objective of this Memorandum of Understanding is:

- a. To promote and enhance scientific and academic cooperation and interaction between KTPCOP and GAC in mutually beneficial areas.
- b. To provide a formal basis for initiating interaction between KTPCOP and GAC.

2. PROPOSED MODES OF COLLABORATION

KTPCOP and GAC propose to collaborate through the following:

- a. Cooperation and promotion of research and development and publication in areas of mutual interest.
- b. Formulation of joint research proposals and participation in joint research Programmes
- c. Visits by faculty, students and researchers to each other's organisation, for initiating and implementing joint projects on mutually agreed terms.
- d. Organisation jointly of Seminars / Workshops in areas of mutual interest.
- e. Any other interaction related to research and development cooperation in areas of mutual interest.

3. AGREEMENTS FOR COLLABORATION

The themes of joint activities / collaboration, conditions of utilizing the results achieved, arrangements for specific visits and other forms of cooperation will be developed mutually for each specific case with appropriate written agreements where necessary. The signing of this agreement does not entail any financial obligation for either party.

Whilst the purpose of this MOU is to outline an academic and management framework between the two parties, designed to promote international cooperation in both institutions, the parties do not intend to be legally bound to each other, and this Agreement does not impose legal obligations on either party.

4. JOINT MANAGER AND WORKING PARTIES

Each party will appoint one person to act as the Joint Managers of this Agreement. Dean of GAC will act as the Joint Manager for GAC and Principal will act as the Joint Manager for KTPCOP.

The Joint Managers may nominate appropriate personnel to manage the details of the particular activities or programmes taken up under this Agreement.

5. PUBLICITY AND ADVERTISING

S. S. BAGAL

1991 parties agree that each may publish or advertise the existence and nature of the activity under this Agreement, provided that the other party has not indicated in writing that a specific matter should remain confidential.

All marketing or publicity material produced by GAC, which refers to KTPCOP will be submitted to KTPCOP for approval before public distribution. Similarly all marketing or publicity material produced by KTPCOP, which refers to GAC will be submitted to GAC for approval before public distribution.

6. TERM AND TERMINATION

This Agreement will be effective upon signature of the respective authorities of both parties for a period of five years, (22/01/2018 to 21/01/2023) at which time it will be reviewed for possible renewal for a further five year period.

The Joint managers may by mutual agreement at any time and subject to written ratification by the appropriate authorities of each party, modify the activities and the arrangements undertaken under this Agreement.

Either party may, on six months notice in writing, terminate this Agreement in advance of its normal expiration or request the renegotiation of its conditions. Under normal circumstances, staff or students who have commenced an activity under this Agreement should be allowed to complete the activity, under the conditions applying when notice was given.

This MOU is executed in duplicate with each copy being an official version and having equal legal validity.

By signing below, the parties, acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective as of the day and year first above written.

He informed to students that the Antitoxin and Sera (ATS) department of Haffkine Biopharma was established in 1940 and is located at Pimpri near Pune. It is engaged in the manufacture of Antiserum against Tetanus, Diphtheria, Gas gangrene, Snake and Scorpion Venoms. Mr. Gajare provided insights of various departments, their functioning and importance of cGMP, cGDP and cGLP followed in manufacturing of schedule C (biological) products. The concise the process as antiseras are produced by hyperimmunising the equines by injecting doses of antigens (Venom/Toxin) over a period of 6 to 8 months. Once the equines accomplish a definite level of potency against the antigen, blood is collected and the plasma is separated. The separated plasma that contains specific immunoglobulins is further processed by enzyme digestion and chemical separation to obtain purified equine immunoglobulins. The serum is tested for safety and potency on mice and then contained for distribution. A Lyophilisation project conforming to WHO-GMP standards has been commissioned in the year 2002 and is being used for freeze drying of the antisera. The students also get exposed to process of isolation of venom from snake and types of various poisonous snakes. At the end of visit Mr. Gajare sir was felicitated by the faculty members on the behalf of ASPM's K. T. Patil College of Pharmacy and expressed thanks for providing permission of industrial visit and sharing their valuable time and expertise.

Sub: Regarding Industrial visit.....

Dear Sir,

With reference to above cited subject, we are running K. T. Patil College of Pharmacy, Osmanabad in Maharashtra since from 1999. Our college is approved by AICTE and PCI New-Delhi, approved by Government of Maharashtra and affiliated to Dr. Babasaheb Ambedkar Marathwada University, Aurangabad.

As per University syllabus we should conduct Industrial visit for final year B.Pharm students. So our final year B.Pharm students wants to visit your esteemed industry, also they want to visit one parental manufacturing visit as per your concern.

So I request you please allow 35 students with 03 teaching staff members to visit your industry and one parental industry in between 05/02/2020 to 07/02/2020 or as per your convince. Also we have visited your Industry two times in 2010 & 2015.

As per telephonic conversation with Mr. Ulhas Surwase sir you assured to arrange Industrial visit. Hope so for positive response from your side. So please reply as early as we can book the ticket for the same.

So please do the needful.

Thanking you.
