ABSTRACT

Animal attacks on humans continue to be a major medical and social issue, resulting in millions of deaths and injuries worldwide. The objective of the current retrospective study was to report the epidemiology, clinical and non-clinical manifestations, complications associated with dog bites, and anti-rabies serum from tertiary care hospitals in the East Maharashtra Region in a scientific manner. In the last 12 months, 300 dog bite victims were reported to tertiary care hospitals. Before beginning the study, patient consent and approval were obtained from the relevant ethical committee. The data on epidemiological, clinical, and non-clinical parameters were collected as per the case report form. The result was expressed in the percentage and number of patients for each considered parameter. According to findings 51% (153N) of men and 49% of women were victims of dog bites. The majority of patients were from urban regions 63% (189N) compare to the rural area. 68% (204N) of patients had bites on their lower extremities. The majority of bites occur in and around the home and roadside in urban areas, accounting for around 44% (132N) and 42% (126) respectively. The majority

ABSTRACT

Snakebite is often fatal and occupational disease, especially in rural parts of the tropical and subtropical Indian region. This retrospective study analyzed the prevalence and management of snake bites in the East Maharashtra region. Snakebite is one of the prime reasons for mortality caused due to poisoning. The objective of the current study was to investigate epidemiology, clinical and non-clinical presentation, mortality rate, and complications of anti-snake venom from tertiary care hospitals in the East Marathwada region. The retrospective study was done among patients with snakebite envenomation, admitted to the tertiary care hospital, Maharashtra for 12 months. These data were compiled on a patient information sheet and analyzed using descriptive statistics such as percentages. There were 300 cases of snakebites, 55% were found as poisonous bites, and 62% of male victims suffered from a bite. Krait bites reported a high incidence. Among the vasculotoxic bites,

OBJECTIVE

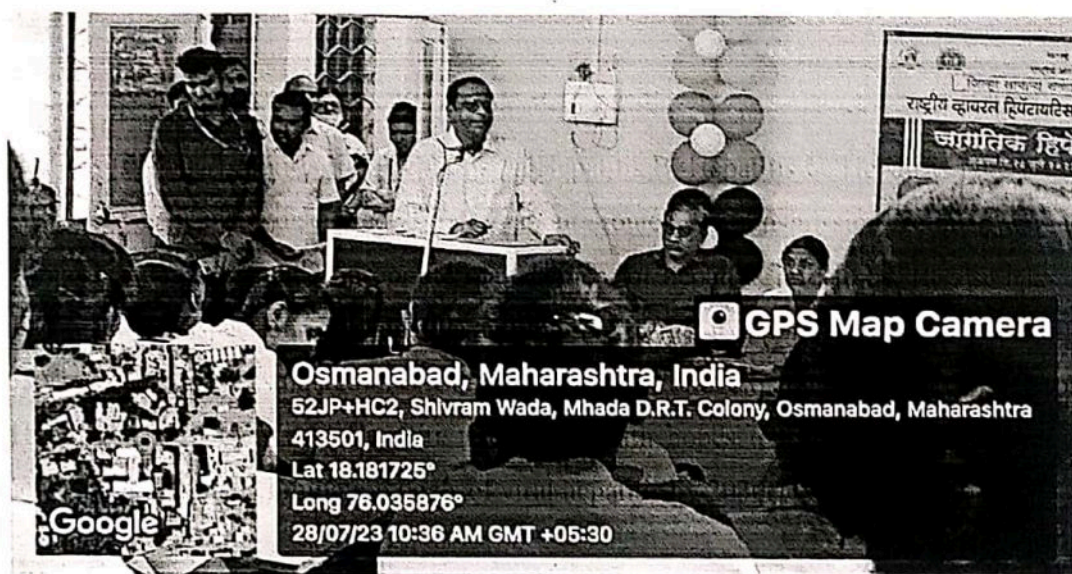

- To create awareness of the problem of viral hepatitis and its modes of transmission.
- To increase the knowledge about different types of hepatitis and understand the risks and preventive measures.
- To create awareness of vaccination and aware about prevention of hepatitis through vaccination (Hepatitis B).
- Ensuring access to affordable, effective diagnosis and treatment for combating viral hepatitis.

BRIEF REPORT OF THE ACTIVITY

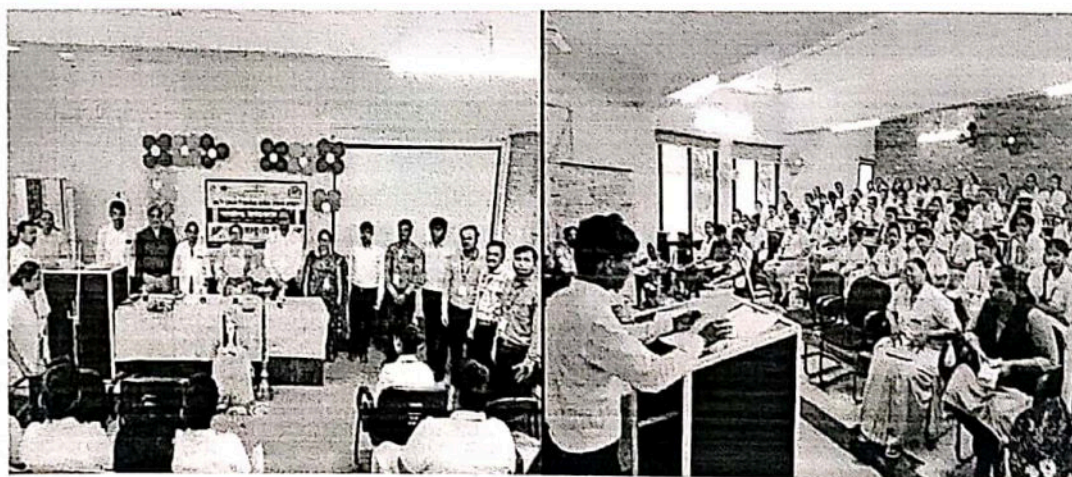

Every year on July 28, World Hepatitis Day is celebrated to create awareness and educate people about the effect of viral hepatitis. The date of 28 July was chosen because it is the birthday of Dr Baruch Blumberg, who was a Nobel-prize winner scientist and discovered the hepatitis B virus (HBV). Dr Baruch Blumberg developed a diagnostic test as well as a vaccine for the virus Hepatitis. Hepatitis causes liver damage leading to severe liver-related diseases including cancer. World Hepatitis Day was organised by District Civil Hospital, and ASPMs K. T. Patil College of Pharmacy participated. The theme of World Hepatitis Day 2023 is "One life, one liver".

The chief Guest Dr. Shilpa Domkundwar, Dean of Government Medical College, Osmanabad, and Dr. Rajabhau Galande, District Surgeon disseminated the information about various types

of Virus Causing hepatitis like Hepatitis A, Hepatitis B, Hepatitis C, Hepatitis D & Hepatitis E. The experts also discussed briefly about route of transmission, clinical signs & symptoms, diagnosis, and appropriate management of hepatitis infections. He also talks about the preventive aspect of viral hepatitis and the role of the available vaccine in the prevention of Viral Hepatitis. 33 students of ASPMs K. T. Patil College of Pharmacy have participated. The entire spirit of World Hepatitis Day 2023 with hopes to bring us one step closer to achieving the global elimination goals of viral hepatitis by 2030.

Dr. Galande had given information on Virus Causing hepatitis

About the Program

Dr. A. A. Joshi, Principal, ASPM's K. T. Patil College of Pharmacy welcomed and facilitated Dr. Gangasagare N. S. (Dean Government Ayurvedic College, Dharashiv) and Dr. Sawant D. P. (Head of Department, Shalakyatantra, Government Ayurvedic College, Dharashiv. Dr. Joshi A. A. addressed the objectives of the Oral health camp on the occasion of "World Oral Health Day".

The following physicians were involved in the oral health camp and are as follow

Dr. Asati Govind, Dr. Alte Priyanka, Dr. Alaskar Farhat, Dr. Kunwar Rekha, Dr. Agawane Umesh, Dr. Patil Sonam. Dr. Lomte Balaji.

About 105 students were undergone for the oral health camp during the program. During the oral health checkup following aspects were considered like

1. Any signs of dental disease
2. Dark spots or holes in teeth (possible cavities)
3. Red swollen gums (possible gingivitis)
4. A squishy bump on the gum (possible abscess)
5. Sign of bad breath
6. Other signs that something may be wrong

Based on the checkup and through oral screening advice was given and medicines were distributed. Also, the different aspects of overall oral health and hygiene were discussed with all the students. The physician was also aware of common oral infectious diseases and possible precautions that need to be taken. The student also positively participated in the checkup camp and ask their queries or doubts about the maintenance of oral health and hygiene.

The program was concluded with a vote of Thanks. Mr. Alkunte A. S. expressed a vote of thanks and acknowledged all the Physicians for sparing their valuable time and students for active participation.

The themes of joint activities / collaboration, conditions of utilizing the results achieved, arrangements for specific visits and other forms of cooperation will be developed mutually for each specific case with appropriate written agreements where necessary. The signing of this agreement does not entail any financial obligation for either party.

Whilst the purpose of this MOU is to outline an academic and management framework between the two parties, designed to promote international cooperation in both institutions, the parties do not intend to be legally bound to each other, and this Agreement does not impose legal obligations on either party.

4. JOINT MANAGER AND WORKING PARTIES

Each party will appoint one person to act as the Joint Managers of this Agreement. Dean of GAC will act as the Joint Manager for GAC and Principal will act as the Joint Manager for KTPCOP.

The Joint Managers may nominate appropriate personnel to manage the details of the particular activities or programmes taken up under this Agreement.

5. PUBLICITY AND ADVERTISING

S. S. BAGAL

1991 parties agree that each may publish or advertise the existence and nature of the activity under this Agreement, provided that the other party has not indicated in writing that a specific matter should remain confidential.

All marketing or publicity material produced by GAC, which refers to KTPCOP will be submitted to KTPCOP for approval before public distribution. Similarly all marketing or publicity material produced by KTPCOP, which refers to GAC will be submitted to GAC for approval before public distribution.

6. TERM AND TERMINATION

This Agreement will be effective upon signature of the respective authorities of both parties for a period of five years, (22/01/2018 to 21/01/2023) at which time it will be reviewed for possible renewal for a further five year period.

The Joint managers may by mutual agreement at any time and subject to written ratification by the appropriate authorities of each party, modify the activities and the arrangements undertaken under this Agreement.

Either party may, on six months notice in writing, terminate this Agreement in advance of its normal expiration or request the renegotiation of its conditions. Under normal circumstances, staff or students who have commenced an activity under this Agreement should be allowed to complete the activity, under the conditions applying when notice was given.

This MOU is executed in duplicate with each copy being an official version and having equal legal validity.

By signing below, the parties, acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective as of the day and year first above written.
