Clarification by HEI:

DVV partner has recommended 00 input to this criteria clarifying that “DVV has made changes as per the data shared by the HEI and the value is downgraded. DVV has removed the activities which on closer dates”. Since HEI disagrees with the input suggested by DVV, HEI would like to bring at your notice that, HEI has conducted around **62** sports and cultural activities with an average of about **481** active participation of students during last three years (due to COVID-19 Pandemic; we couldn't manage to organize said activities in 02 years viz 2020-21 & 2021-22) . Though some of activities are at closer dates but it is fact that we have conducted it. In context to the same; HEI has attached/ uploaded soft copy of the activity report/ circular/ brochure along with pictures that outlines these activities. Also provided a list of events, including the list of participants for each event, organized by HEI year-wise, and duly signed by the Head of Institute/ Principal.

Unfortunately we were unable to present our **62** sports and cultural programs in a methodical manner, despite the fact that it comprise a list of real events and activities as well as information about students' participation in each activity. Without changing the original data that was submitted into the SSR, we have now methodically reconciled and customized the same.

Re-DVV partner is requested to check the same for verification purpose.
